TOWN**
SCHOOL

PROGRAM OVERVIEW

At King's Town School, our enriched K–3 program gives children a strong, joyful start to their academic journey. Through small class sizes, individualized instruction, and a warm, inclusive community, students build confidence, independence, and a lifelong love of learning. Our approach blends structured instruction with hands-on exploration, ensuring every child is engaged, supported, and inspired.

A STRONG START

Our enriched Kindergarten program blends play-based exploration with early academic skill-building, supported by specialist classes in French, Visual Arts, Music, PE, and STEM.

BUILDING FOUNDATIONS

Grades 1–2 build essential academic and social skills through an enriched, individualized program that fosters independence, organization, and a growth mindset.

GROWING INDEPENDENCE

Grade 3 students deepen their learning through enriched language arts, structured math, hands-on science and social studies, technology, coding, outdoor education, art, and music. Leadership, kindness, and teamwork are emphasized through the KTS House System.
