The Whole Child Approach

Engaging Enriched Curriculum

Upper Grades and High School Prep

4-6

**KING'S
TOWN**
SCHOOL

PROGRAM OVERVIEW

The King's Town School Grades 4–6 enriched program builds strong academic foundations, independence, and leadership while preparing students for success in Grades 7/8 and high school. Small classes, individualized instruction, and hands-on, inquiry-based learning keep students motivated, confident, and deeply engaged.

A STRONG PATH FORWARD

Grades 4–6 engage in enriched, student-centered learning that builds independence, responsibility, and strong academic habits. Students strengthen critical thinking, communication, and problem-solving across Language, Math, Science, Social Studies, French, PE, Music, Art, and Technology while developing the confidence and mindset needed for upper elementary success.

CONFIDENCE & SKILL

Students deepen their skills through enriched language arts, structured math, hands-on STEM science, technology and coding, inquiry-based humanities, and a full arts and PE program—building a strong, well-rounded foundation.

GROWING LEADERSHIP

Grades 4–6 students mentor younger peers, support House System events, lead clubs and assemblies, and participate in community initiatives—building confidence, character, and responsibility.
